

I just read in The Washington Post about Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary just before the election. I must register an official protest at this blatant violation of FCC and electioneering laws. The law clearly states that broadcasters must offer free and equal time to both sides and a mandate by a corporate station group to override originally scheduled programming with a one-sided show is clearly against the law. Sinclair needs to either offer the equal amount of time to a pro-Kerry documentary or rescind their decision. The public airwaves are free of charge and therefore Sinclair is obligated to properly serve the public interest, not campaign for the candidate to whom they have donated untold sums of money.

Thank you for your time.
